**Pensions Due Diligence
Firm of the Year**

WINNER

Punter Southall Transaction Services are delighted to announce that they were named Pensions Due Diligence Firm of the Year at the Private Equity News Awards for Excellence in Advisory Services Europe 2008 held in London on 7 October.

This event is the only awards ceremony in Europe exclusively dedicated to celebrating the successes of firms providing private equity advisory services. An independent panel of representatives from the private equity industry voted on the awards which were presented by Walid Sarkis, Managing Director of Bain Capital.

Commenting on the award, Richard Jones, Principal and Head of Punter Southall Transaction Services said:

"We are delighted to have been recognised by our industry peers once again for our expertise in pensions due diligence. This award is a testament to the strength and depth of our team and our client commitment both during a transaction and after it has closed. The past year has been a challenging time for PSTS as the credit crunch took its effect on the private equity market resulting in a reduced flow of transactions, but despite these difficult conditions the team have continued to work hard with both our existing and new clients to earn this deserved recognition."

Earlier this year PSTS was awarded Pensions and Actuarial Due Diligence Provider of the Year by ACQ Finance Magazine.
